
RENOVATION DESIGN

Dix.Lathrop offers award-winning renovation design services to clients whose projects need to be “spruced up” in order to maintain a competitive edge in the marketplace. Hardscape combined with landscape can create a fresh, updated appearance. Our unique “in the field” design approach allows us to more accurately respond to existing site conditions, cost effectively complete a design and get it out to bid. The end result is a lasting landscape that will make a project stand out among its competitors, showcases the project’s unique character and intergrates Dix.Lathrop’s exceptional attention to detail.

- Community entrances and frontage
- Signage
- Clubhouses
- Pool areas
- Outdoor kitchens
- Amenity areas
- Community makeovers
- Single family residential
- Multi-family residential
- Hotel, resort and condominiums
